IF YOU HAVE BREAD, YOU HAVE EVERYTHING.

Crispy crust, soft crumbs, mixed with tasty seeds and spices. Our breads and pastries are made of high quality ingredients and real sourdough, and do not contain any additives or preservatives.

Our automated bakery opened in 2015 in Dunaszerdahely in Slovakia. The objective of our unique bakery is to bring back the flavours and aromas of the traditional real sourdough bread to our customers. To achieve this, we combine authentic recipes with modern technologies.

HOW ARE OUR BAKERY PRODUCTS MADE?

Our bakery products are made with authentic, long-fermented sourdough, inspired by both traditional and modern recipes. Alongside our classics, we also bring international flavours to the table, including exquisite Italian and French specialties.

Our products are fully baked in our bakery. We do not use any preservatives – the freshness of our products is ensured by the sourdough itself on one hand, and the deep-freezing process on the other hand. Our breads are delivered deep-frozen to the shops where, after defrosting and a short baking time in a hot oven, the fragrant, fresh, breads and pastries are put on the shelves.

The self-made sourdough and the natural, long leavening process make Ambropek's breads exceptional, while the top-quality flour from Slovakia and Hungary is responsible for the excellent fragrance, the crispy texture and the long-lasting freshness.

SOURDOUGH - THE KEY TO A PERFECT BREAD

Did you know that the leavening process was discovered by the Egyptians when they accidentally left the dough out on a sunny day for a long time?

Sourdough is a mixture of flour and water. The thin, porridge-like paste is left to rest for 2-3 days. During this time, bacteria and yeast fungi naturally start the leavening process. The making of a sourdough bread requires time and perseverance since it could take up to 75 hours from mixing the starter to baking the product.

Why is a sourdough bread better?

It has a more crispy crust, and a much softer, airy crumb.

Natural sourdough can contain more than 40 types of bacteria with a beneficial

health effect. It helps to maintain the balance of the gut microflora, it does not acidify the body, thus its consumption does not lead to bloating.

Due to the long-fermented sourdough, the bread is easier to digest and raises blood sugar levels less than yeast-based breads.

During digestion, the protein content of the flour (gluten) that forms the basis of the bread breaks down to simpler compounds (amino acids), which our bodies can process and use more efficiently.

Because of its lower glycemic index, sourdough bread is more filling, so less is needed, making it particularly beneficial for those on a diet and for health-conscious eaters.

WE WOULD LIKE TO BRING CLOSER TO YOU THE TRADITION OF SOURDOUGH
AND BREAD MAKING WITH OUR PRODUCT RANGE.

A stylized illustration of a woman in a yoga pose, specifically a standing forward bend (Uttanasana). She is wearing a black leotard and light blue leggings with a yellow stripe down the side. Her arms are extended upwards, and her head is tucked towards her knees. To the right of her head is a black speech bubble containing a white icon of a fork and knife crossed out with a diagonal line, indicating a prohibition of additives. The background is a light blue circle.

EAT HEALTHIER - WITHOUT ADDITIVES

Additive-free breads made only from natural ingredients are better suited to the needs of the human body. They contain no artificial preservatives, stabilizers, or colorants, making them gentler on the digestive system and less likely to trigger allergic reactions or food intolerances.

Without artificial additives and chemicals, you can enjoy pure and healthy foods. Not only can you better appreciate the

original flavours, but additive-free breads are also more nutritious, supporting healthy digestion and overall well-being.

Traditional production methods provide not only richer taste, but also higher nutritional value — such as increased vitamin and mineral content — all of which contribute to a health-conscious lifestyle

IT IS IMPORTANT TO US THAT OUR CUSTOMERS ALWAYS HAVE NUTRITIOUS AND HEALTHY BREADS ON THEIR TABLE, THAT ARE MADE FROM HIGH-QUALITY, NATURAL INGREDIENTS. OUR RECIPES FOLLOW TRADITIONAL BREAD-MAKING METHODS AND ARE FREE FROM ARTIFICIAL ADDITIVES.

PREMIUM ARTISAN BREADS

We have combined the advantages of traditional artisanal techniques and modern industrial production: using authentic recipes, our bakers handcraft part of our special breads in unique shapes — twisted, folded, braided — to bring the finest, most beautiful, and most delicious loaves to our customers' tables.

PARTY BREADS

PARTY BREADS

BREAD MADE FOR SHARING!

THE SHAPE, TASTE, AND EXPERIENCE ARE ALL ABOUT THE JOY OF SHARING — BECAUSE EVERY BITE TASTES EVEN BETTER IN GOOD COMPANY!

OUR TEAR-AND-SHARE BREADS ARE PERFECT BOTH FOR A PARTY WITH FRIENDS AT HOME OR FOR A FAMILY PICNIC. THE DIFFERENT FLAVOURS CAN BE COMBINED IN COUNTLESS WAYS WITH A VARIETY OF TOPPINGS.

TIP

FOR FRENCH-INSPIRED FLAVOURS, ENHANCE THE ONION-FLAVOURED PARTY BREAD WITH FIG JAM, GOAT CHEESE, FIG SLICES, AND PEA SPROUTS.

The background image shows three mini sandwiches made with party bread, filled with lettuce, ham, and cheese, arranged on a wooden cutting board. The board is placed on a woven placemat. A white plate with a floral pattern is partially visible on the left.

TIP

IF YOU CAN NEVER GET ENOUGH OF CHEESE, MAKE MINI SANDWICHES FROM OUR DOUBLE-CHEESE PARTY BREADS WITH CREAM CHEESE, BLUE CHEESE CAMEMBERT, AND GOUDA.

TIP

FOR ITALIAN-INSPIRED BITES, USE THE TOMATO-FLAVOURED PARTY BREAD FILLED WITH BUTTERCREAM AND SLICES OF ITALIAN SALAMI.

TIP

FOR A TRUE CLASSIC, USE PARTY BREAD WITH CHEESE, ADD CREAM CHEESE AND NEATLY ROLLED SLICES OF CHEESE AND HAM.

SWEET AND SAVOURY PASTRIES

Did you know that, according to legends, puff pastry was discovered by accident in France around 1645?

There's no accident, however, in our puff pastries: we consciously combine historical traditions with modern technologies in our recipes. The making of the puff pastry is an art form in itself. Margarine is folded and rolled into the dough in several steps, thus the dough opens up into beautiful thin layers during the baking process.

We enrich the puff pastry with a variety of fillings, creating the ultimate indulgent flavour experience.

The dough reaches its final form in the oven, where the high temperature causes the steam from evaporating water to lift the layers. This is how our puff pastry achieves its beautiful, airy structure and light, delicate texture.

We offer unfilled pastries as well as a large variety with delicious fillings or unique shapes.

The rich flavours of our sweet pastries are guaranteed by local and European fruits, various spices and nuts, like cinnamon, pistachio, walnut, poppy seeds or vanilla.

Our savory pastries are enriched with seeds, ham, and cheese, offering our customers delicious and nutritious snacks.

DON'T MISS OUT ON THEM!

CROISSANTS AND ROLLS
